

**NEWS RELEASE:  
FOR IMMEDIATE PUBLICATION**

17.03.21

**SSP AND KEYCHOICE PARTNER WITH QOMPLX:UNDERWRITING TO PROVIDE MEMBERS  
WITH ACCESS TO CYBER COVER**

Keychoice, the insurance distribution business owned by SSP, has just announced a new partnership with QOMPLX:UNDERWRITING to add their multi-peril parametric product 'WonderCover' to the Keychoice panel via the SSP Commercial E-trading platform.

Wondercover™, focused on SMEs and backed by Chaucer, the international specialty (re)insurance group, is available to Keychoice brokers via the SSP platform as a standalone policy or as an additional cover to other lines of business. This adds even more robust flexibility to the Keychoice market-leading suite of products.

The WonderCover™ policy provides combined cover for cyber data breach, cyber service outage and terrorism disruption, responding to the market demand for new simple and affordable solutions needed by SMEs.

QOMPLX is a unified data analytics and risk platform provider and is driving change in risk management and selection processes in the industry. The rating and processing for WonderCover™ will be handled by QOMPLX's proprietary underwriting decision platform through integration to the SSP Commercial E-trading platform. The decision platform automates underwriting functions and drives informed data decision-making for premier risk identification and pricing.

**Claire Faulding, Head of Keychoice and Commercial E-trading at SSP** said *"We are thrilled to be working with QOMPLX to enhance both our Keychoice and commercial e-trade offerings. At a time when cyber security is of paramount importance to all businesses, it is great that we can offer our brokers access to this type of quality cover for their clients."*

**Alastair Speare-Cole, QOMPLX President and GM of Insurance**, said *"WonderCover™ provides simple, transparent protection against two common risks that business owners face each day. Traditional insurance policies leave businesses exposed to loss, but WonderCover™ is designed to*

*offer fast remediation so disruption and financial impact is limited. The triggers are simple and insureds can feel confident that they are adequately protected.”*

#### **Notes to editors**

#### **About Keychoice**

Keychoice is the insurance distribution group owned by SSP, and its products are exclusively available on SSP's technology platforms. Member brokers are able to win in the market through access to better and more competitive products, making them an attractive distribution channel for insurers. The insurers who partner with Keychoice also access unique data and intelligence that enables them to accurately target growth.

Membership now extends to over 400 members, who control in excess of £1.7bn GWP. [www.keychoice.com](http://www.keychoice.com)

#### **About SSP**

SSP has over 35 years' experience and is a global provider of technology systems and solutions across the entire insurance industry, enabling its customers to transform their business and increase profitability. SSP provides core technology solutions, distribution and trading capability, advanced analytics and solution delivery. It works with 8 of the top 10 UK insurers, 4 of the top 10 global insurers and over 40% of UK brokers. SSP Intelligent Quotes Hub is a centralised product rating, pricing and quotation solution, making use of data from a variety of sources to optimise your prices. SSP Verify is a sophisticated fraud detection solution that helps identify potentially fraudulent behaviour on motor insurance applications, pre-inception. #### **About QOMPLX**

QOMPLX is the leader in cloud-native risk analytics. We help organizations make intelligent business decisions and better manage risk through our advanced, proprietary risk cloud platform. We are the leaders at rapidly ingesting, transforming, and contextualizing large, complex, and disparate data sources through our data factory in order to help organizations better quantify, model, and predict risk in areas including cybersecurity, insurance, and finance. Backed by Bill Foley's Cannae Holdings, QOMPLX is co-founded by CEO Jason Crabtree, a former Special Advisor to the Commanding General of the U.S. Army Cyber Command and the Department of Defense, West Point graduate, Rhodes Scholar, and veteran of the War in Afghanistan, and by CTO Andrew Sellers, a U.S. Air Force Academy valedictorian, Truman Scholar, and Iraq War veteran. QOMPLX has entered into a definitive business combination agreement with Tailwind Acquisition Corp. and will be traded on NYSE under the ticker QPLX upon closing of the transaction. For more information, visit [qomplx.com](http://qomplx.com) and follow us on Twitter.

#### **About QOMPLX:UNDERWRITING**

QOMPLX:UNDERWRITING, a wholly owned subsidiary of QOMPLX, Inc., is an MGA committed to bridging gaps in coverage left by traditional insurance policies to provide small to medium-sized businesses the protection they need against Cyber
