26 June 2019

SSP DELIVERS TERRORISM PRODUCT THROUGH CARROLL HOLMAN PARTNERSHIP

SSP has formed a partnership with Carroll Holman, an independent, Lloyd's and London Market Insurance Broker, to provide access to a range of terrorism products via SSP's Commercial Lines platform. The product will also be available to members of Keychoice, SSP's distribution group who will benefit from an enhanced commission rate.

The Carroll Holman Group has built a diverse specialist broking and underwriting platform focused on service, enabled by interactive IT solutions. The Terrorism product will be available as a standalone policy or as an add-on to Property Owners and will offer brokers access to online quote and bind with instant documentation (up to £40m for any one location).

On talking about the benefits of the partnership, **Sami Sulaiman, Managing Director of Carroll Holman says:** "The need for terrorism insurance is on the rise and through partnering with SSP we can help more brokers protect client's property. Our product has the benefits of a wider definition of terrorism and competitive rates. Carroll Holman enhances SSP's Commercial E-Trading platform, adding to the portfolio of over 10 leading insurers and products available. We hope to see Carroll Holman with SSP provide further products and solutions to the broker over time".

Ron Atkinson, Distribution Director at SSP said:

"I am thrilled to add Carroll Holman's products to our commercial e-trading platform. Carroll Holman offers generous commissions and great deals on transfers of business, as well as giving brokers the opportunity to select the locations that they wish to insure. Keychoice members will also receive an extra 2.5% commission, which is a fantastic offering."
