## **SSP SIGN UP THREE BROKERS IN THE FIRST QUARTER**

It's been a great start to the financial year for SSP, with a number of new clients signing long term contracts for SSP's broking solutions — including Peart Performance Marque, Onyx Insurance and Rey Direct.

Peart Performance Marque has been a leading name in performance car insurance for over twenty years, giving access to very special schemes for insuring cars with high value and/or high performance. They will be using SSP's broking system to manage and administer their specialist risks portfolio and streamline processes across the entire business.

**Kat Blayden-Byrne Director of Peart Performance Marque Limited says:** "We have been an SSP customer previously, back in 2012. Our staff know SSP and the system and we are looking forward to having SSP partner with us once again, to help and support our business going forward".

SSP is also delighted to announce a new partnership with Onyx. Onyx has vast experience within the Professional Indemnity insurance market and they approached SSP to help improve their business processes and assist with growth plans.

"Maintaining a quality service and long term relationships are key to the growth and success of the business. We wanted a credible broking platform to accommodate the London Lloyd's Market and SSP provides that fit for us". **Dan Stuckey, Associate Director from Onyx Insurance Brokers Limited added.**

Rey Direct is a commercial lines broker specialising in Fleet insurance. They had previously, along with another broker, been a customer of SSP and they wanted to engage with a reputable supplier for their new system. SSP was selected and deemed an ideal fit.

Commenting on the decision to choose SSP over leading competitors, **Noman Hussain, Company**

**Director from Rey Direct said:** “SSP were very engaged with us from the start of conversations opening up. We’ve built a good solid relationship with the team and are looking forward to getting the SSP broking system implemented”.

“I am delighted with the new contract wins for SSP, which are in addition to over 100 broker customers who have renewed their software contracts over the last 12 months. This is the perfect time to welcome new customers and to progress them onto SSP Broking, our next-generation solution in the future”. **David Chapman, SSP’s Director of Broker.**
